OVERVIEW OF AGENCY'S STRENGTHS & CAPABILITIES

For over a decade and a half, we've been delivering comprehensive and cost-effective corporate reporting services, which cover turnkey productions of Annual, Sustainability and Integrated Report. To us, each client is unique, with specialised needs. Our consultancy practice is structured to meet client's individualised needs with custom-designed services and solutions.

Our team possess a depth and breadth of advisory and design experience, and an unwavering commitment to delivering top-notch, highly professional client service. Our professionals are among the industry's finest. – they're talented, insightful and committed to serving clients as trusted business advisor, helping them chart the progress of their Corporate Reports at every step.

With 83 staff, inclusive of some 56 designers we differentiate ourselves through our content advisory, advising on best practice reporting and latest Bursa Listed Requirements. In addition, our timely delivery, round-the-clock servicing, attention to production and detail in copywriting, provides a powerful statement on our abilities to meet client's requirements. Our core specialities are in the development of Annual Reports, Sustainability Reports and Integrated Reports. To complement these services, we support through content advisory, ESG advisory and workshops, Integrated Reporting advisory and workshops, digital publications and multimedia communications platforms. With over 550 clients to date, from across the region and the globe, we've serviced the likes of Multinationals, Public Listed Companies and Regionally-Based Companies, with hands in every possible industry. Local knowledge, aligned with global experience ensures an added spice to everything we serve up.
